Sin

Nine Inch Nails

```
I was determined to learn this song in some way when I was teaching myself to
(I had lost my mind entirely at the time, as well)... since there is no guitar
part for
song at all,
obviously this is just a completely wrong adaptation that I came up with... If
you
like it, don t play it; I think its cool.
Αm

I gave you my purity
And my purity you stole

                                   Am
Stale incense, Soul sweat, & Lies lies lies
