

**Sin**  
**Nine Inch Nails**

I was determined to learn this song in some way when I was teaching myself to play

(I had lost my mind entirely at the time, as well)... since there is no guitar part for song at all,

obviously this is just a completely wrong adaptation that I came up with... If you like it, don't play it; I think it's cool.

**Bbm**

You gave me the reason

**Fm**

You gave me control

**F# Ebm**

I gave you my purity

**Bbm Fm**

And my purity you stole

**Fm Fm Fm Fm Fm G# Bbm**

Did you think I wouldn't recognize

**C# Bbm**

This compromise

**C# C# Bbm**

Am I just too stupid to realize

**G# Fm Bbm Bbm Fm**

Stale incense, Soul sweat, & Lies lies lies

**G# G# G# G# C# Bbm**

It comes down to this

**C# Bbm**

your kiss

**C# Bbm**

your fist

**C# Fm**

and the strain it gets under my skin

**G# Fm**

within

**G# Fm**

take in

**G# Bbm**

the extent of my sin.

and repeat the chords for the second verse.

not bad for 2nd song attempted when learning basic chords, huh?

email me if you got any comments or tips.
