Believe Your Eyes by Nine Lashes (World We View, 2012)
Lyrics from <http://www.azlyrics.com/>

Well here goes, just one note in particular. I do realize that there is a change from E to another similar chord (although I could be hearing it wrong) from the first line of each verse to the second one, so if anyone would like to correct me on that, please feel free to do so. This also applies to any other areas of this song, as I did this simply by ear. Hope it helps!

Also, I m not sure if it will show up as such, but for C/B, I do: 032000.
