Tuning: Standard (With capo on the 1st fret)

A great song by a great band! Quite easy with powerful lyrics. Don't forget to rate and/or make any corrections in case I've made any mistakes :D.

[Verse 1]:

Am **C**
If I could take what I so believe in
Dsus2 **C**
Draping its hand in front of me with it all
Am **C**
And I'm ever reaching
Dsus2 **G**
Straight from this heart in me

Am **C**
It's the tallest I've ever seen it
Dsus2 **C**
Strange in this place of little dreams
 Am **C**
Like a wall in my sure to be things
Dsus2 **G**
Standing in spite of me
 Am
It's all I ever wanted

[Chorus 1]:

F **C** **Dsus2**
And I won't give up on a dream
 C
It's all or nothing
 F **C** **Dsus2**
The sound of doubt I'll never need
 G
It's all or nothing

[Verse 2]:

Am **C**
If I could blame the right kind of evil
 Dsus2 **C**
Then maybe my fall would be undone
 Am **C**

But then why would I build a fable

Dsus2 **G**

To carry this burden on?

Am **C**

So it s on to write down the sequel

Dsus2 **C**

As real as it gets with brick and stone

Am **C**

And the heart is not weak, but able

Dsus2 **G**

And strong cause I m holding on

Am

To all I ever wanted

[Chorus 2 (Same as Chorus 1, but repeated twice)]:

F **C** **Dsus2**

And I won t give up on a dream

C

It s all or nothing

F **C** **Dsus2**

The sound of doubt I ll never need

G

It s all or nothing
