after solo play RIFF 4 and then play 2nd verse and chorus.

After 2nd chorus play RIFF 4 and turn down volume and after few bars of guitar silence start to make noise. I don t think it s necessary to tab it, because it s just feedback and string bending (on Bleach other guitar with wah); Kurt never did it twice similarly.

So when the noise section is over, play RIFF 2 and RIFF 3 2 times and then RIFF 1 and:
