VERSE

Am F C G
I recall we were killing time
Am F C G
Before, that crazy day we were doing fine
Am F C G
You had turned me around, hold me back when I was down
Am F C G
But I was in a daze, with both feet off the ground

PRE-CHORUS

Dm F C G Dm
Just a photograph away, you were taken by a day
F C G
Now I m left with all the words I could not say and,

CHORUS

Am F C G
I m the same as I was, but I m waiting in the rain
Am F C G Am
Could wait here all my life, dreaming of another day
F C G Am
Remember one more time, relight light the same old fire
F C G
I m waiting in the cold, Living on a wire

VERSE

Am F C G
There is nothing left to do, thought that
Am F C G
I would spend all the years with you
Am F
Now you re here now you re gone
C G
Like the sunlight on the wall
Am F
I m left here chasing shadows
C G
From the summer to the fall
