

Gravity
No Doubt

Hey, I think these are pretty much the right chords. Any mistakes please comment. Enjoy :)
If you want it in the original key use a capo on 2nd fret.

C
We re so lucky
F
Still holding on
Am **G**
Just like Venus in the morning sun
F
And you and me got gravity

C **F**
I don t know where all the time went
Am
Light years and so many moons
G **F**
So many close calls

C **F**
Now I see a thousand percent
Am
You meant what you said, and it s good
G **F**
Cause everybody falls

Am **G**
A million miles and it fades
F
We re into orbit now we re safe
Am **G**
So don t you let go
F
Don t ever let me float away

C
We re so lucky
F
Still holding on
Am **G**
Just like Venus in the morning sun
F
And you and me got gravity

C **F**
When it s feeling like a solar eclipse

Am

And the shit it gets so cold

G

F

You think it ll never go

Exploding like a beat-up rocket ship

That s spinning so fast round the world

I wish we could make it slow down

Am

G

A million miles and it fades

F

We re into orbit now we re safe

Am

G

So don t let me go

F

Don t ever let me float away

C

We re so lucky

F

Still holding on

Am

G

Just like Venus in the morning sun

F

And you and me got gravity

And we re so lucky

Still holding on

Just like Venus in the morning sun

And you and me got gravity

G

Am

F

And we can swim the milky way like star-crossed lovers do

G

Am

F

I never really thought we d ever make it out this far, did you?

G

Am

F

Leave the story in the sky like star-crossed lovers do

G

F

Lets spend a million lost in space, me and you, me and you

C

And we re so lucky

F

Still holding on

Am

G

Just like Venus in the morning sun

F

And you and me got gravity

And we re so lucky

Still holding on

Just like Venus in the morning sun

And you and me got gravity
