**F** **Dm**  
Tragedy pulls us together,  
**Am** **C**  
But anything tears us apart.  
**F** **Dm** **Am**  
I m trying hard to stay complacent, but all the systems fail,  
**G** **F** **C**  
And fear denies the truth that s in your heart.

**Am**  
Forgetting lessons I have learned.  
**Dm**  
My mouth is shut, the tables turned.  
**G**  
No one giving, time is winning, again.

**F** **Dm**  
I can t shift the blame forever,  
**Am** **C**  
Some is yours and some is mine.  
**F** **Dm** **Am**  
Sick of searching for a solution, we ll always disagree,  
**G** **F** **C**  
If the other half is too afraid to fight.

**Am**  
I m losing the will to believe  
**Dm**  
They re marching as if they were free.  
**G**

How could millions be so stupid?

**C** **Am**

And it s tragic everywhere I go,

**Dm**

This country is not what you know.

**G**

No one giving, fear is winning, again.

Strength beyond our souls (not enough to save us),

**Am** **G**

Way beyond control (we are all defenseless).

**F** **Dm**

Strength beyond our souls (not enough to save us),

Way beyond control (we are all defenseless).

Way beyond control (we are all defenseless).
