

## Blue Chases Blue

Noa

**Am**

Blue touches blue touches grey touches brown

**F**

I look down at my feet, they've been with me for years

**Am**

I take one step for you and then two for myself

**F**

**Dm7 Am**

Oh, I need to be stronger, I need to be stronger

**Am**

Blue touches blue Touches black, then expands

**F**

All the tears and the years in the palm of my hand

**Am**

Do you think you can tell me what's wrong and what's wronger?

**F**

**Dm7 Am**

I need to be stronger, I need to be stronger

**Em**

I want to twist in your arms like a snake

**Am**

That's been charmed like a baby newborn with his arms groping

**Em**

Out, I would shout but there's always a song and

**Am**

**Dm7 Am**

I need to be stronger, I need to be stronger

Blue touches blue Touches gray, frothy white

Where my face is all blurred and reflecting the night

If I tell you I feel like a bird in the cold

Gmj7

And I need you to hold me

Blue touches blue... Blue touches blue...
