

2 Atoms In A Molecule

Noah and the Whale

Heard this on a genius mix and liked it, so had a look and couldn't find any chords that I could read, so I've transcribed my own.
This is in the same key as the lyrics video for it on YouTube, if the real thing is different then let me know in the comments.
Thanks.

[Intro] (x6)

E F#m A B

[Verse 1]

E F#m A B
Last night, I had a dream - we were inseparably entwined
E F#m A B
Like a piece of rope made out of two pieces of vine
E F#m A B
Held together, holding each other with no one else in mind
E F#m A B E
Like two atoms in a molecule; inseparably combined.
F#m A B
E F#m A B

[Verse 2]

E F#m A B
But then I woke from the dream to realise I was alone
E F#m A B
A tragic event, I must admit, but let's not be overblown
E F#m A B
I'm not trying to write a love song; just a sad, pathetic moan
E F#m A B E
And maybe I just need a change, maybe I just need a new cologne.
F#m A B
E F#m A B

[Verse 3]

E F#m A B
But now I look at love like being stabbed in the heart
E F#m A B
You torture each other from day to day and then one day you part
E F#m A B
Most of the time it's misery but there's some joy at the start
E F#m A B E
And for that, I'd say it's worth it just use a blade that's short and sharp on me
F#m A B
E F#m A B

[Verse 4]

E **F#m** **A** **B**
And if love is just a game then how come it s no fun?

E **F#m** **A** **B**
If love is just a game how come I ve never won?

E **F#m** **A** **B**
I guess maybe it s possible I might be playing it wrong

E **F#m** **A** **B** **E**
And that s why every time I roll the dice I always come undone

F#m A B

E F#m A B

[Outro]

E F#m A B (x4)

E F#m A B (A ccapella x2)
