

Old Joy

Noah and the Whale

G G C G  
You sit with the man who threw it all away

G G C G  
And you dream of the birds that have flown away

G D G C D  
And you hope that you won't see it fall again

G C G C  
And you will sing day by day, old joy comes back to me

G C G C  
You'll sing day by day, old joy comes back to me

G G C G  
You say this is the life of the influence of dreams

G G C G  
Tall buildings and a wife won't be enough for me

G D G C D  
There is more in the world to be found than dreams

G C G C  
And you will sing day by day, old joy comes back to me

G C G C  
You'll sing day by day, old joy comes back to me

G D C G D C  
Forget the things that get away, forget the things that get away

G D C G D C  
Don't dream of yesterday, don't dream of yesterday
