

**Honest Songs**  
**Noah Gundersen**

Capo 4

[Verse]

**G**  
As we gather round the table  
**C** **G**  
To say a prayer for those we love  
**D** **Em**  
All the words that will be spoken  
**C** **G**  
They will never be enough  
**G**  
To encompass all the feelings  
**C** **G**  
That our brittle hearts can bear  
**D** **Em**  
All the storms that rage in silence  
**C** **D**  
Fill our organs up with air

[Chorus]

**B7** **Em** **C**  
And the sound it makes is an honest song  
**G** **D** **G**  
Our hearts sing an honest song

[Verse]

**G**  
All the time spent catching raindrops  
**C** **G**  
All the time we spent in bed  
**D** **Em**  
All the hours we have wasted  
**C** **G**  
We will never see again  
**G**  
So be good with what you re given  
**C** **G**  
For it s all you have to give  
**D** **Em** **C** **G**  
We are only passing shadows in a mighty wind

[Chorus]

**B7** **Em** **C**

And the sound it makes is an honest song

**G D G**

Our hearts sing an honest song

[Verse]

**G**

So though I tremble in the darkness

**C G**

In the cold and frozen snow

**D Em**

I am grateful for the winter

**C G**

For the winter comes to show

**G**

That our troubles never over

**C G**

And our work is never done

**D Em**

But with the turning of the season

**C D**

We will always see the sun

[Chorus]

**B7 Em C**

And the sound it makes is an honest song

**G D G**

Our hearts sing an honest song

**C G D G**

Oh, oh, oh, may our hearts sing an honest song

Enjoy :)
