

Riverman

Noel Gallagher's High Flying Birds

st fret

verse 1:

Em - E4 - Em - E4

It's something in the way she moves to destruction
I travelled all this way to try and make amends
Cause heavy in the air are the words that she left hanging
I tried to walk away but I only stand and stare

Chorus:

C G

The rain that comes

B7 Em Dsus

All of the love that was left behind

Cadd9

Is gone

G

When the river man runs

B7 Em Dsus Em6

Find me the girl who electrifies the storm

C B7 Em

In a while she'll be gone

verse 2:

Em - E4 - Em - E4

We are waiting in the rain

My feet turned wet from standing

I shouted out my name

Behind a rainbow's end

But somewhere in the crowd she heard me jingle jangling

Like a memory that fades

She slips and waits for a game

The rain that comes

B7 Em Dsus

All of the love that was left behind

Cadd9

Is gone
