Medio-Core - NOFX
tabbed by Evan Peters

Here are the chords for medio-core by NOFX in case you want to play it on an acoustic. It sounds pretty good when you play bar chords on an acoustic and it s fun to sing along to.. I named a chord G-1 and it just means to play the G bar chord but slide your barring finger to the 2nd fret from the 3rd. enjoy :)

G
Medio-core Itâ€™s not forsaken The music theyâ€™re makinâ€™

C
Will leave you with a feeling of indifference

G
How was the band? They were okay (okay)

C
Not great, But pretty good

They played the songs I knew they would
