

**We Could Be Anything**  
**Nolan Sotillo**

**F**  
every day

**C**  
friends & lovers grow like flowers  
make mistakes  
and spend your hours

**Dm**  
living it down  
life s a game

**Bb5**  
a journey for us inside out  
no doubt  
no doubt

**F**  
but down the road

**C**  
you re bound to take a different route  
where it goes  
nobody really knows

**Dm**  
I ve found

**Bb5**  
in the end it always comes back around  
somehow somehow

chorus:

**F**  
i don t know

**C**  
why it has to be so black and white for you and me

**Dm**  
when there s a million colors in between

**Bb5**  
and we could be anything

**F**  
the truth ain t always what it seems

**C**  
and right or wrong  
lacks depth to me

**Dm**  
fear is our only enemy

**Bb5**  
and we could be anything

[the same chords]  
i can feel the heaviness you keep by your side  
when it s real

it feels like it has multiplied  
it s hard to deal  
without a friendly face in sight  
but it s all right  
it s all right  
because to grow  
you ve got to be alone sometimes  
in the cold  
weathering the storm inside  
so you know  
no matter what it s gonna be fine  
it ll be fine  
so fine

CHORUS

if love is blind  
how can you read the signs?  
and i believe in time  
that we will see  
(that) we can (or could) be anything  
if the feeling s right  
it s not so hard to find  
and we can realize  
what s meant to be  
we can be anything

**Dm**

if you love someone

**C**

you ve got to let them go

**Dm**

set them free

**C**

and trust that they will ebb and flow

CHORUS X 2

we could be  
we could be  
we could be anything
