Close To Lose It All Nomy

1. You re walking on a long road on your own,

don t know where it ends but you got to go

You re walking with a broken dream alone,

you re walking on a long road on your own

You left it all behind just to start again,

trying to understand what you want to do

But you will rather walk in the pouring rain

and you will rather die than to feel the same

F#m

When you were close loose it all fall apart

Then I found you and I reached in to your heart

When you were close to let it go and turn back home

Then I found you and I told you to move on

2. You were walking on that road night and day,

fighting disappointments one at a time

F#m

And every step you took walking that way,

you got a little closer to be fine

Never to look back for another try,

put your time in what you really want to be

Never stop for what you know is just a lie,

walking on a road called clarity

When you were close loose it all fall apart

Then I found you and I reached in to your heart

Then I found you and I told you to move on
