C Em

I don't ever wanna be crowned  
Just another prize, it breaks my heart

C Em D

Lost in the midnight blue

Shadows of the moon

Here with open arms for you

Feeling something so new

Said with me you'd reach the sun

Oh but we were so young

Love me till the summer's done

But keep me in your heart so I hold on

So walk on by, I've got no reason to love you,

But I do, I do, I do

So walk on by, I've got no reason to love you,

But I do, I do, I do

You're showing me colors of the sky

But all I see is grey - You lost me when you lied

Promise me, but you never try

Secrets in your eyes, you go and run, I'll hide

You're showing me colors of the sky

But all I see is grey - You lost me when you lied

I don't ever wanna be crowned

Just another prize, so I hold on

You're showing me colors of the sky

But all I see is grey - You lost me when you lied

**C** **Em**  
Promise me, but you never try

**D** **(D7)**  
Secrets in your eyes, you go and run, I ll hide

**C** **Em**  
You re showing me colors of the sky

**D** **(D7)**  
But all I see is grey - You lost me when you lied

**C** **Em**  
I don t ever wanna be crowned

**D** **D7** **C** **Em** **D** **(D7)**  
Just another prize, it breaks my...

**C** **Em** **D** **(D7)**  
heart

**Em** **C** **D**  
Shook me to the ground now - and somehow,

**D** **(D7)**  
I feel like you don t know me

**Em** **C** **D**  
Shook me to the ground now I don t even know how,

**D** **(D7)**  
Brought me to a life, that you never showed me

**Em** **C** **D** **(D7)**  
Coming from a locked up ghost of yourself

**C** **Em** **D** **(D7)**  
But you re coming from the light, ight

**Em** **C** **D** **(D7)**  
There s more to you than you ever thought there was

**C** **Em** **D** **(D7)**  
Yeah you re coming from the light, ight

**C** **D** **Em**  
Run when the rhythm s right
