The summer days are gone too soon

You shoot the moon, miss completely

The empty room, that once smelled sweetly
Am G Am/F# F
Of all the flowers you plucked if finally

you knew the reason.
Am G Am/F# F
Why you had to each be lonely.
C G/B C G
Was it just the season.

Now the fall is here again

You can t begin to give in, it s all over.

When the snows come rolling through

you ve rolling too with some new lover.
