

White Flag
Normandie

Gotta love this song

[Verse 1]

G#m
This is hell
B
Ashes of a fantasy
D#m
We were chasing down a dream
C#
But now I m waving a white flag
G#m
So will you let it rest in peace
Let it be
B **D#m**
Just a fading melody in your head
C#
Cause I m waving a white flag

[Pre-Chorus]

B G#m
I am better without you
D#m C#
Without you

[Chorus]

C# B
So I m breaking up my heart in two
G#m C#
Getting rid of every part of you
D#m C#
We are standing in a burning field of clover
B
I m breaking up my heart in two
G#m C#
Let it wither into deja vu
D#m C#
I ll be hiding in the storm until it s over
B G#m

Without you

[Verse 2]

G#m
This is hell
B
Product of your apathy
D#m

Let it be
B **D#m**
Just a fading memory in your head

Cause I m waving a white flag
