

To My Better Angel  
Northstar

**Em7**

I lost all faith today

**Asus2**

in suicidal featherweights

**G**

with broken wrists and weaker fists

**Asus2**

**Cadd9**

this is the last fight I ll give away

**Em7**

and there s something terrible

**Asus2**

it s in her attic, so I m told

**G**

I can feel it on my face

**Asus2**

**Cadd9**

I still feel you everywhere

**Em G**

**Cadd9**

So, operator, I can t hold much longer

**G**

**Cadd9**

I can t hold much longer, I can t hold on

**Em G** **Cadd9**

operator, I can t hold much longer

**G**

**Cadd9**

I can t hold much longer, I can t hold on

**G**

**Cadd9**

There s a spot by the bathroom door

**Em7**

**Cadd9**

I dropped so fast, straight through the floor

**G**

**Cadd9**

**Em7**

**Cadd9**

when I lost my grip, on everything

**G** **Cadd9** **Em7** **Cadd9** **G**

Eight feet underwater, is where we dare

**Cadd9**

**Em7**

**Cadd9**

our lips keep out the water and the liars

**G**

**Cadd9**

**Em7**

**Cadd9**

full of nothing but air

**Em**

**G**

So, if anybody talks of me

**Asus2**

**Cadd9**

**Em**

tell them I am never coming home again

**G**

**Asus2** **Cadd9**

tell them I am gone

**Em**

**G**

if anybody talks of me

**Asus2 Cadd9 Em**

tell them I am never coming home again

**G Asus2 Cadd9**

tell them I am gone

**Em7**

And there s a place that I might fit in

**Asus2**

but it reeks like where we ve been

**G**

perfect footprints from our feet

**Asus2 Cadd9**

that our haunted just by me

**Em**

**Asus2**

to a lady of the hour, liquor love is all the rage

**G**

**Asus2**

**Cadd9**

your skin feels way to sour, and I ve lost my sense of taste

**Em G**

**Cadd9**

So, operator, I can t hold much longer

**G**

**Cadd9**

I can t hold much longer, I can t hold on

**Em G Cadd9**

operator, I can t hold much longer

**G**

**Cadd9**

I can t hold much longer, I can t hold on

**Em**

There s a hole that we all fall in

**Asus2**

where we fight for oxygen

**G**

**Asus2 Cadd9**

it s where I caught my grip, and became king

**G Cadd9 Em7 Cadd9 G**

Eight feet undercover, don t forget that I m here

**Cadd9**

**Em7**

**Cadd9**

warm secrets under covers, with new friends

**G**

**Cadd9 Em7 Cadd9**

and your holiday lovers

**Em**

**G**

So, if anybody talks of me

**Asus2 Cadd9 Em**

tell them I am never coming home again

**G Asus2 Cadd9**

tell them I am gone

**Em**

**G**

if anybody talks of me

**Asus2 Cadd9 Em**

tell them I am never coming home again

**G Asus2 Cadd9**

tell them I am gone

**Em**            **G**

If anybody talks of me

**Asus2**                            **Cadd9**

tell them I ll be gone forever

**Em**                            **G**                            **Asus2**                            **Cadd9**

without these scars, that are completely invisible

End on Em.
