My Lover
Not3s

 [Intro]
D E C# F#m

[Verse 1]
```
            D         E              C#        F#m
Girl you re the baddest, no need to practice
               D             E                          C#             F#m
 Cause you re so different, you always winning, no girl can match this
             D       E                 C#         F#m
They can never match you,  cause you fire like matchsticks
               D       E                     C#       F#m
Keep up your image, angel to sinners, but you the baddest
```

[Chorus]
```
              D          E      C#    F#m
I can never be a fool to you, my lover,     my lover
         D         E      C# F#m
Never be a fool to you, my lover, oh, my lover
           D         E      C#      F#m
Everything I do for you, my lover,      my lover
           D         E      C# F#m
Never be a fool to you, my lover, oh, my lover, yeah
D   E      C#      F#m       D    E          C#   F#m
   My lover,      my lover,     my lover (oh)
D   E      C#      F#m       D    E          C#   F#m
   My lover,      my lover,     my lover (oh, my lover)
```

[Verse 2]
```
D         E         C#              F#m
Jasmine eyes and, i m your size and
D           E     C#              F#m
I ll decide when we take things further
D                 E
I ll keep you close, i m no beginner
C#           F#m
I can do both angel and sinner
D                 E
You chose the hard way, you picked a winner
C#               F#m
Bring the tequila, you know i m a killer
D           E
Your a boss, no nicey
     C#                     F#m
Your Jordans and your chain so icy

D           E      C#                  F#m
You wanna wife me, making promises for life b
```

```
D                       E                       C#m     F#m
You know what i m asking, there s no double dancing
D    E                  C#        F#m
No second chances, no more

[Chorus]
                  D                   E        C#      F#m
Can never be a fool to you, my lover,     my lover
               D              E          C#  F#m
Never be a fool to you, my lover, oh, my lover
                  D              E          C#        F#m
Everything I do for you, my lover,       my lover
               D              E          C#  F#m
Never be a fool to you my lover, oh, my lover, yeah
D    E        C#      F#m      D    E                C#  F#m
   My lover,      my lover,     my lover (oh)
D    E        C#      F#m      D    E                C#  F#m
   My lover,      my lover,     my lover (oh, my lover)

[Bridge]
D      E                          C#              F#m
You a queen in the streets, so no one else can be above ya
D      E                          C#              F#m
        When you be all alone, at least you know I got ya
D      E                            C#              F#m
     Baby girl I can t lie, you got my heart locked up in your locker
D      E                          C#              F#m
          And she ain t ever been about, that s why I love her

[Chorus]
                    D                   E        C#      F#m
I can never be a fool to you, my lover,     my lover
            D              E          C#  F#m
Never be a fool to you, my lover, oh, my lover
               D              E          C#        F#m
Never be a fool to you, my lover, oh, my lover
                  D              E          C#        F#m
Everything I do for you, my lover,       my lover

[Outro]
D    E        C#      F#m      D    E                C#  F#m
   My lover,      my lover,     my lover (oh never be a fool to you baby)
D    E        C#      F#m      D    E                C#  F#m
   My lover,      my lover,     my lover (oh, my lover)
```
