

Graveyard Whistling  
Nothing But Thieves

*Capo on 6th*

**Em** **G**  
All that afterlife

**A** **D** **Em**  
I don t hold with it

**G**  
All your gods are false

**A**  
Just get used to it

**Em** **G**  
Let s go out tonight

**A** **D** **G**  
Kill some stubborn myths

**Em** **A** **D**  
Set those ghosts alight, get into it.

**Em** **G** **C**  
No one s getting younger

**D** **G** **C**  
would you like a souvenir?

**Em** **C**  
Let it take you under,

**G** **D** **G** **C** **Em**  
feel your worries disappear

**C** **D** **G**  
Cause if you don t believe,

**C** **Em**  
It can t hurt you

**C** **D G**

And when you let it leave,

**C** **Em**

It can't hurt you

**C** **D**

Cause if you don't believe

**C**

**Em**

Then you know, then you know it can never do you harm

**C**

If you don't believe,

**G** **C**

It can't hurt you

you're the picture and a password and I'm numb now,  
give me exits to the cloud I'm living under,  
when I go there will I find my sense of wonder?  
Oh, the lovely gates
