

**You Know Me Too Well  
Nothing But Thieves**

[Verse 1]

**G** **Em**  
Summer was long  
**Bm**  
And it s suffocating when you re alone  
**G** **Em**  
I gave you a call  
**Bm**  
Baby, I could come by, help forget it all  
**G** **Em**  
Cause in this sticky weather, oh, it s really hard to sleep  
**F#m/C#** **Bm**  
As you know all too well  
**G** **Em**  
And when we get together, oh, you make me feel so cheap  
**Bm**  
But I can t help myself

[Chorus]

**G** **Em**  
Filthy impetuous soul  
**Bm**  
I wanna give it to you  
  
Oh, just to see what you d do  
  
Cause I m so drunk on you  
**G** **Em**  
Baby, you re all that I want  
**Bm**  
I want you all to myself  
  
Oh, but you know me too well

[Verse 2]

**G** **Em**  
I left in the night  
**Bm**  
Cause you don t like to see me in the daylight  
**G** **Em**  
And maybe you re right  
**Bm**  
We don t get on so well, when we lose the high  
**G** **Em**  
And lovers on the subway, they put on a show for me

**F#m/C#** **Bm**  
But I just fell in lust  
**G** **Em**  
Cause every lover s story always ends in tragedy  
**Bm**  
If you wait long enough

[Chorus]

**G** **Em**  
Filthy impetuous soul  
**Bm**  
I wanna give it to you  
Oh, just to see what you d do

Cause I m so drunk on you  
**G** **Em**  
Baby, you re all that I want  
**Bm**  
I want you all to myself  
Oh, but you know me too well

[Solo]

**G Em Bm Bm**  
**G Em Bm Bm**

[Bridge]

**F#m** **Em**  
Forgive me cause sometimes I forget  
**F#m** **Em**  
I got my own two hands clenched around my neck

[Chorus]

**G** **Em**  
Filthy impetuous soul  
**Bm**  
I wanna give it to you  
Oh, just to see what you d do

Cause I m so drunk on you  
**G** **Em**  
Baby, you re all that I want  
**Bm**  
I want you all to myself  
Oh, but you know me too well

[Post-Chorus]

**G**

Oh, but you know me too well

**Em**

Oh, but you know me too well

**Bm**

Oh, but you know me too well, well, well

**G**

Oh, but you know me too well

**Em**

Oh, but you know me too well

**Bm**

Oh, but you know me too well, well, well

**G**
