

First Punch
Nothing More

[Verse 1]

Am
Another day stuck in repeat
G
Another someone judging me
F
Another hour I hold it in
Eb
Another time I force a grin

Am
Another god who doesn't speak
G
Another leader that's a thief
F
Another day without a choice
Eb
Another day without a voice

[Pre-Chorus]

F **Eb**
I'll hold it in, I'll hold it in, I'll hold it in
C
Forget it now

[Chorus]

C **F**
I'll throw the first punch
C
Because I've kept my mouth shut
F
For far too long, enough's enough
C **F**
And you say I'm wrong, but it feels right
C
And it's about damn time
F
It's been too long

Enough's enough
