## First Punch Nothing More

```
[Verse 1]
Another day stuck in repeat
Another someone judging me
Another hour I hold it in
Another time I force a grin
Am
Another god who doesn t speak
Another leader that s a thief
Another day without a choice
Another day without a voice
[Pre-Chorus]
I ll hold it in, I ll hold it in, I ll hold it in
Forget it now
[Chorus]
I ll throw the first punch
Because I ve kept my mouth shut
For far too long, enough s enough
    C
And you say I m wrong, but it feels right
And it s about damn time
It s been too long
```

Enough s enough

```
[Verse 2]
Another time that I get burned
Another way that I ve been hurt
Another year too little pay
Another person in my way
Another lover says goodbye
Another lack of reasons why
Another day I ll let it slide
Another way you try to change my life
[Pre-Chorus]
                                  Eb
I ll hold it in, I ll hold it in, I ll hold it in
Forget it now
[Chorus]
I ll throw the first punch
Because I ve kept my mouth shut
For far too long, Enough s enough
And you say I m wrong, but it feels right
And it s about damn time
It s been too long
