**Em** **C** **G** **D**

You want me to believe youâ€™ve got all you want, Love the love youâ€™re in,

**Em** **C** **G** **D**

You say youâ€™ve seen every side, but it donâ€™t mean anything,

**NC** **Bm** **Em** **C** **Am**

And I will, always, care for, you millersan,

**Bm** **Em** **C** **Am**

Lay down, with me in, and take this gravinâ€™ hand, and get up while you

The suffocating for the likes of me, you became what I feared,

As you stand before me now, you appear to disappear,

And I will, always care for, you millersan **Am** **E**

Lay down, with me in, and take this gravinâ€™™ hand, and get up while you can,

**Am**                    **C**                    **G**                    **D**

So, Take me away, take me away, free from everything you say,

**Am**                    **C**                    **G**                    **D**                    **Am**

Take me away, take me away, from the feeling of how we were bound to fall,

The suffocating for the likes of me, you became what I feared,

As you stand before me now, you appear to disappear,

And I will, always care for, you millersan                    **Am**                    **E**

Lay down, with me in, and take this gravinâ€™™ hand, and get up while you can,

Take me away, take me away, free from everything you say

Take me away, take me away, from the feeling of how we were bound to fall,

I know that you know and I know, I know we donâ€™™t laying groundâ€™|

Just take me away, take me away,

Take me away, take me away, from the feeling of how we were bound to fall

â€™|It means nothing at allâ€™|
