I like the way that you're beautiful **Em** **A**
But you don't act like it **D**
With your friends, when you speak your phone **Em** **A**
They love the way we fit **D**
B
Oh, oh, oh
You're so far out of my league **Em** **A**
But we click so easy like A-B-C **D** **Bm**
And I hope that you and me **Em** **A**
Will never change **D**

Cause I like it, like it, like it, like that **Em** **A**
When I met you, knew that you were my last **D**
Say my sweater fits you better, why's that? **Em** **A**
Cause you like it, like it, like it, like that **D**
Oh, your favorite place to sit is my lap **B** **Em**
Anywhere you go, you make it high class **A** **D**
Say I love you, always say it right back **Em** **A**
Cause I like it, like it, like it, like that **D**

You kinda shy, but when we're alone **Em** **A**
You're the funny one **D**
People starin' at you head to toe **Em** **A**
