

I like the way that you're beautiful
D
But you don't act like it
Em A
With your friends, when you speak your phone
D
They love the way we fit
B
Oh, oh, oh
Em A
You're so far out of my league
D Bm
But we click so easy like A-B-C
Em A
And I hope that you and me
D
Will never change
Em A
Cause I like it, like it, like it, like that
D
When I met you, knew that you were my last
Em A
Say my sweater fits you better, why's that?
D
Cause you like it, like it, like it, like that
B Em
Oh, your favorite place to sit is my lap
A D
Anywhere you go, you make it high class
Em A
Say I love you, always say it right back
D
Cause I like it, like it, like it, like that
Em A
You kinda shy, but when we're alone
D
You're the funny one
Em A
People starin' at you head to toe
D B
But I ain't worried, nuh-uh, no, oh, oh, oh
Em A
Oh, you're so far out of my league (yes, you are)
