

Space Cowboy

'NSYNC

Intro: **Bbm Ab**

(Bbm Ab) (Repeat them)

Here it comes

Millennia

And everybody s talkin about

Jerusalem

Is this the beginning

Or beginning of the end?

Well I ve got other thoughts my friends

See, I ve got my eyes on the skies

The heavenly bodies of light

And if you re in the mood to take a ride

Then strap on the suit and get inside

[Chorus]

If you wanna fly

Come and take a ride

Take a space ride with a cowboy, baby

If you wanna fly

Come and take a ride

Take a space ride with a cowboy, baby

Wi-yi-yi-yippie-yi-yay-yippie-yi-yo-yippie-yi-yay

Wi-yi-yi-yippie-yi-yay-yippie-yi-yo-yippie-yi-yo

We don t need all these prophecies

Telling us what s inside

Cuz paranoia ain t the way

To live your life from day to day

So leave your doubts and your fears behind

Don t be afraid at all

Cuz up in outer space there s no gravity to fall

Put your mind and your body to the test

Cuz up in outer space is like a wild wild west

[Chorus]1x

Wi-yi-yi-yippie-yi-yay-yippie-yi-yo-yippie-yi-yay

Wi-yi-yi-yippie-yi-yay-yippie-yi-yo-yippie-yi-yo

Wi-yi-yi-yippie-yi-yay-yippie-yi-yo-yippie-yi-yay

Wi-yi-yi-yippie-yi-yay-yippie-yi-yo-yippie-yi-yo

[Lisa Left Eye Lopes]

Sonic boom and never let you try to stop me

You wanna fly sky high up to the top see

No need to fear no doubts and no tears

Millennium sound will motivate the future years

And you ve been hit to be scared

Or get prepared against all odds

I ll bet you never would ve dared
To make these moves
And take flight like me
To come through for the world prophecy
Space connect to overthrow your interception
Ready or not make it hot there ain t no question
Or get in sync and put your head to the sky
Keep the faith one love from Left Eye
