

From Now On

O Rei do Show (The Greatest Showman)

[Intro] C#m A E B

C#m

I saw the sun begin to dim

A

And felt that winter wind

E B

Blow cold

C#m

A man learns who is there for him

A

E B

When the glitter fades and the walls won't hold

C#m A

Cause from then, rubble

E

What remains

C#m A B

Can only be what's true

A E

If all was lost

C#m E

Is more I gain

B

Cause it led me back

E

To you

A

From now on

E

These eyes will not be blinded by the light

A

From now on

C#m

What's waited till tomorrow starts tonight

B

Tonight

A E

Let this promise in me start

B C#m

Like an anthem in my heart

A C#m

From now on

A

E

B

The pitfalls of the man I became

C#m

For years and years

E

I chased their cheers

C#m

B

The crazy speed of always needing more

A

E

But when I stop

C#m

And see you here

A

B

E

I remember who all this was for

A

From now on

E

These eyes will not be blinded by the light

From now on
