

Heaven

O.A.R.

Capo 2nd fret

**A**

i m underneath it all tonight

**C#m**

out my window there s a million lights

**D**

a thousand hearts feeling just like me

**A**

man, it feels like heaven out here in the street

**A**

i know i got a lot to learn

**C#m**

breaking bottles only left me hurt

**D**

played with fire till i burned myself

**A**

don t you know that love ll bring us somewhere else

--Chorus--

**A**

so you take the left, i ll take the right

**C#m**

under arrest, we re under fire

**D**

oh, oh, oh, oh

**A**

i don t wanna go to heaven if i can t get in

**A**

you take the low, i ll take the high

**C#m**

you lock the gate, i hear the choir

**D**

everybody got a problem with the way i live

**A**

i don t wanna go to heaven if i can t get in

**A**

maybe i should take my time

**C#m**

and build this life by my own design

**D**

with no direction and it s in between

**A**

everything i love, and everything i need

**A**

so bring it back, all i want is understanding

**C#m**

to live my life the way that i planned it

**D**

wouldn t change a thing

**A**

man, it feels like heaven underneath my feet

--Chorus--

**A**

so you take the left, i ll take the right

**C#m**

under arrest, we re under fire

**D**

oh, oh, oh, oh

**A**

i don t wanna go to heaven if i can t get in

**A**

you take the low, i ll take the high

**C#m**

you lock the gate, i hear the choir

**D**

everybody got a problem with the way i live

**A**

i don t wanna go to heaven if i can t get in

**F#m**

so raise em up, raise em up

**C#m**

all i ever wanted was a shot at your love

**D**

i know and i believe

**A**

everything we got is everything we need

**F#m**

love ll get you higher

**C#m**

it set my heart on fire

**D**

i know it s what you see

**A**

i don t wanna go to heaven if they don t want me

**A**

cause i m no criminal

**C#m**

i m not your enemy

**D**

all i have is life

**A**

and i don t wanna go to heaven if i can t get in

--Chorus--

**A**

so you take the left, i ll take the right

**C#m**

under arrest, we re under fire

**D**

oh, oh, oh, oh

**A**

i don t wanna go to heaven if i can t get in

**A**

you take the low, i ll take the high

**C#m**

you lock the gate, i hear the choir

**D**

everybody got a problem with the way i live

**A**

i don t wanna go to heaven if i can t get in

**A**

oh yeah, raise em up, raise em up

**C#m**

everything you wanted is inside your cup

**D**

drink up

**A**

love will get you higher

**A**

oh, i m not your enemy

**C#m**

i never met no criminal

**D**

and in the end i d do it again

**A**

i don t wanna go to heaven if i can t get in

**A**

oh, i m not a criminal

**C#m**

yeah i m no enemy

**D**

it s just the way i live

**A**

i don t wanna go to heaven if i can t get in
