I Will Believe  
Oasis

**D        A        G        D**  
Locked up in chains for the rest of my life

**A        G    D**  
There s no one else to blame but me

**D        A        G        D**  
Start up with days just the end of the night

**A        G        D**  
I m feeling like I m lost at sea

**A    G    D        A    G        D**  
Sometimes it just seems so simple, I m feeling like I m down on my knees

**A    G    D        Em   D    G**  
Sometimes like a man in the middle, I don t know my own mind,

**A**  
Won t you let me be...

**D        C**  
Cause I can find you, living in my world

**A        D**  
Dragging me round just like a dog on a lead

**F    G**  
But when I find my own piece of mind, I...

**E    A**  
I will believe

(repeat first verse and chorus 2x)
