Chorus:

**G F#/G**  
Meanwhile Rome burns  
**Em D**  
Meanwhile Rome burns

Verse 1:

**G**  
Its a cultural shift  
**F#/G**  
its the North Atlantic Drift  
**Em**  
Americana  
**C**  
And rule Britannia  
**G F#/G**  
and the moon, yes we own that to  
**Em**  
And where the Euphrates  
**C**  
meets the other rivers  
**G**  
is now the home  
**F#/G**  
of the devil and the liar  
**Em**  
And the pyre we plan to make  
**C G F#/G Em C**  
Is just the drift leaving its wake, home

Chorus

Verse 2:

And the films you want to watch  
And the films you want to make  
And the kids, like lost angels  
dressed in black sensations

And the shift, won't shake  
And the drift, won't break  
with billions of Diamonds  
growing like colours  
and the drift owns the coffers

Chorus repeat to fade
