[Verse 1]

Ab
did you sell your soul to rock n' roll

and get nothing in return?

Fm
did you pay your debts in cigarettes

oh, you love to watch them burn

Db
did you balance your insanity

tightrope of mediocrity
Eb
and pharmacopeia to kill the pain

[Chorus]

Db **Ab**
you love to cross those bridges
Eb **Ab**
that you've burned so many times
Db **Ab**
firmly believing your own bullshit
Eb
nursery rhymes

Bbm
here's to wishing you
Db Eb Ab

so many unhappy returns
Bbm

oh I'm wishing you
Db Eb Ab
so many unhappy returns

[Verse 2]

Ab
did you ever make it back to find

a place to call your own

FM

did they greet you there with open arms

or a pitchfork through your heart

Db

infinityâ€™s just a figure eight

through that bitter minefieldsâ€™ shrapnel feast

Eb

and severed limbs reveal your legacy

[Chorus]

Db
