

**Bugs**  
**Odeath**

Okay, this is my shot at this brilliant song, off of their forthcoming album. Something s not perfect here, but I ll fix it when, the album comes out and I can hear it a little better. I ll also clear up any lyrical mistakes.

Band: O death  
Song: Bugs  
Album: Outside

\*updated\*

I changed the chorus progression, and added some slight lyrical changes, but I m still unsure of them (lyrics)

Capo III  
Key: **Gm** (**Em** relative to capo)

intro:

**Em G C Em Em G C G**

Verse:

<b>Em</b>	<b>G</b>	<b>C</b>	<b>Em</b>
I know that days don t come back,	please believe in me		
<b>Em</b>	<b>G</b>	<b>C</b>	<b>Em</b>
And then my eyes just turn red,	far as the light can see		
<b>Em</b>	<b>G</b>	<b>C</b>	<b>Em</b>
I ll abide her arms stretched,	through the years and hours		
<b>Em</b>	<b>G</b>	<b>C</b>	<b>Em</b>
Past the quiet dawning,	then begin to sour		

Chorus:

<b>C</b>	<b>Em</b>	<b>G</b>	<b>Em</b>
I ve been wasting most my time,	living for the day		
<b>C</b>	<b>Em</b>	<b>G</b>	<b>Em</b>
When like bugs we figured out how to make light stay			

<b>Em</b>	<b>C</b>	<b>G</b>	<b>Em</b>
Oooh	Oooh	Oooh	Oooh

Verse 2:

<b>Em</b>	<b>G</b>	<b>C</b>	<b>Em</b>
(Footed out my heart),	and crown with aches and (seed)		

**Em**                      **G**                      **C**                      **Em**  
Through the fallen houses, rimmed with light and heat  
**Em**                      **G**                      **C**                      **Em**  
What about my path would, haunt these new dark hours  
**Em**                      **G**                      **C**                      **Em**  
Crushed men don't hold on, when the shadows tower

Chorus:

**C**                                      **Em**                      **G**                      **Em**  
I've been wasting most my time, living for the day  
**C**                                      **Em**                      **G**                      **Em**  
When like bugs we figured out how to make light stay

**Em**    **G**        **C**            **Em**  
Oooh Oooh Ooooh Oooh

Chorus again and end

For now this will have to suffice. Corrections welcome
