

Roam
Odeath

The lyrics aren't very accurate, but the chords should be correct.

[Verse]

Am

E Am
Then we will burn this house together
E Am
And drag our corpses cross the floor
E Am
If I nearly met you with the weather
E Am
Let me roam, One-Eyed Girl

E Am
Our bodies sent to this for reason
E Am
That we should ever ask to change
E Am
There never was much sense in treason
E Am
Let me roam, One-Eyed Girl
E Am
Let me roam, One-Eyed Girl

[Chorus]

Dm Am C Am
All your hands like medicine
Dm Am E
While the earth sweeps cross the floor
Dm Am C Am
I know legs that push me out
Dm Am E
But hush me Eleanor

[Verse]

Am

E Am
But when we find it it's with worry

And made it up inside her cave

I could've left here in a hurry

Let me roam, One-Eyed Girl
