Sloom by Of Monsters and Men

Unlike a lot of their songs Raggi and Nanna play different parts so I am going
give you both. I used a live performance to figure it out, I ll put the link
below if
anyone wants to try and help me figure this thing out.

So I hope you guys like it and please rate and/or comment!

Nanna
Capo on 6
```
        C# ?     Bbm ?    F# ?
e|----0------0------0--------|
B|----0------0------0--------|
G|----0------0------5--------|
D|----0------5------5--------|
A|----2------3------5--------|
E|----3------0------0--------|
```
these are not the right chord names, these are just to line up with Raggi s
chord progression

Raggi
Capo on 1
He uses   **C# Bbm F#**

Intro(just Nanna): **C# Bbm F# C#**

C#   **Bbm**
The sea said goodbye to the shore so the sun wouldn t notice
                F#   **C#**
The seaweed that wrapped its arms around you

C#   **Bbm**
The carpet on my cheek feels like a forest
                        F#   **C#**
And I run through the tall trees with your hand chasing me

C#   **Bbm**
The books that I keep by my bed are full of your stories
                        F#   **C#**
That I drew up from a little dream of mine, a little nightmare of yours

C#   **Bbm**
To be us to take this plunge, to forgive and forget
                    F#   **C#**

And be the better man, to be a better man, to be a better man

```
    C#                         Bbm               F#              C#
So love me mother, and love me father, and love my sister as well
```

```
C#                                      Bbm
The cat s silhouette as big as a monster
                    F#                                          C#
in this concrete jungle, with street lights hanging their heads
```

```
C#                                      Bbm
So make all your last demands for I will forsake you
                    F#                                      C#
And I ll meet your eyes for the very first time, for the very last
```

```
    C#                         Bbm               F#              C#
So love me mother, and love me father, and love my sister as well
    C#                         Bbm               F#              C#
So love me mother, and love me father, and love my brother as well
    C#                         Bbm               F#              C#
So love me mother, and love me father, and love my sister as well
    C#                         Bbm               F#              C#
So love me mother, and love me father, and love my brother as well
```

```
C#                                          Bbm
I met a man today and he smiled back at me
                                F#
Now there are thoughts like these that keep me on my feet, that keep me on
    C#
my feet.
