Keep Sending Me Black Fireworks  
From the album: Icons Abstract Thee

**E**

Look in my eyes what do you see?

**Ama j7**

I m hanging upside down like a chimpanzee

**E**

When I m with my friends riding somewhere on a crowded bus

**Ama j7**

There is nothing that I want to discuss

**Ama j7**

**E**

I just sit and smile thinking about us

CHORUS:

**G#m**

**A**

**C#m**

**B**

**E**

What is this that sends black fireworks dancing around me?

**G#m**

**A**

**B**

When we kiss the explosiveness is life s sweet mystery

**E**

I feel like a balloon floating higher I m touching a distant moon

**Ama j7**

I don t think I ll come down anytime soon

**E**

Ah my kitten I am so glad you re the way you are

**Ama j7**

You re my favorite living human by far

**Ama j7**

**E**

cause you make this frightening world less bizarre

CHORUS:

**G#m** **A** **C#m** **B** **E**  
What is this that sends black fireworks dancing around me?

**G#m** **A** **B**  
When we kiss the explosiveness is life s sweet mystery
