F **F6**
 There s a raindrop in my skull,
Bbm C9sus4
 I m too shaky now to get it out.

F **F6**
 I guess it fell from some far away cloud,
Bbm C9sus4
 Bloated with radiation.

Gm/D **Dm** **Ebmaj7**
 Ooh, some people are singing of the birth,
Dm
 Of another soulless drone,
Ebmaj7 **Bbm6** **F**
 Who ll grow to leach off the Earth.
Bb **C** **Csus4** **C**
 Ooh.

My guitar feels strange in my hands,
 I have almost no tactile perceptions
 On the TV there s a Mexican horror film,
 It isn t dubbed, I m not really watching,
 Ooh, some people are singing of the birth,
 Of another Philistine,
 Who ll grow to ravage the Earth, ooh.

C#
 Last night when you left me,

Ebm

I took a walk through the fog,

C#

And the gossamer ride of the strawmoon,

Ebm

The haunting strangely humid pitch,

Cm

Bbm

Of winter s waning.

Cm

Then my recurring dream of the swarm.
