Intro:

G A G A

If you want to get technical on intro it is
arpeggios starting from the 3rd of the chord
over bass root note. The melody then goes up to C# which
resolves conveniently to D chord in Verse
In verse G A G A is the same but the arpeggios
are from the root

Rose Robert, together we make quite a remarkable pair
It doesn t seem strange somehow that we never speak
We just gurgle and squeak, me and my Rose Robert
Few will dare to offer any pleasantries or see how we fare
I guess they assume that we have lost our wits
But we re just a couple of misfits, me and my Rose Robert Rose Robert, hot
chocolate clair
