Don t know if I can withstand

F **G**
Another night of this hell living in my head

C **F**
You say there s something you can do that will help

C **F** **G**
How can you help me when I can t even help myself?

F **G**
Sometimes it gets so bad that I can t even stand up straight

Am
I ve got to drop what I m doing and walk all the way

G
All the way back home

F **G**
These spinning faces that I cross when I m tripping up and down the street

Am
Make me realize I never should ve left my room

G
Left my room at all
