Oh Land

Oh Land - Deluxe Edition (2012)

Okay this is one of Oh Land s most successfull songs, so I was wondering why there are no tabs in the web. Anyway I tried my best to figure out the chords, if it doesn t sound right to you, feel free to correct the mistakes :)

Verse: **B C#m/F**

Pre Chorus: **C#m B F# A**

Chorus: **E F# B B/G#m E F# C#m**

Break: **C#m B F# A**

If I jump, will it echo?
From an infinite space
Does it light, bring the thunder
Run away you re still at risk
Be my sins, I m your sorrow
If I shout, no earth will shake

We re running away
Pushing everything over the edge
We re running away
If I find out who s gonna catch
We re running away
Pushing everything over the edge
We re running away
(Falling over)

Watching it all over my shoulders
Until the masquerades over
We re not gonna wait here
Not gonna get left out
No one can tell you how
You just speak out now
Watching it all over my shoulders
Until the masquerades over
We re not gonna wait here
Not gonna get left out
No one can tell you how
You just speak out now

It is true, cause it s spoken
And there s no way to bring it back
Time is a thief, trying to trick you

It will happily tell you lies
Memories, whisper slow
Hold back, or let it go go

We re running away
Pushing everything over the edge
We re running away
If I find out who s gonna catch
We re running away
Pushing everything over the edge
We re running away
(Falling over)

Watching it all over my shoulders
Until the masquerades over
We re not gonna wait here
Not gonna get left out
No one can tell you how
You just speak out now
Watching it all over my shoulders
Until the masquerades over
We re not gonna wait here
Not gonna get left out
No one can tell you how
You just speak out now

When there s a win, there s a sacrifice
When there s a loss, there s a bright light
No stones or sticks kick us on the high
If there s a law, there s a way to fly

Watching it all over my shoulders
Until the masquerades over
We re not gonna wait here
Not gonna get left out
No one can tell you how
You just speak out now
Watching it all over my shoulders
Until the masquerades over
We re not gonna wait here
Not gonna get left out
No one can tell you how
You just speak out now
