Bm

It's like you're deaf to my voice, but I've been here for every moment,
waiting on your
call to move

If you could just make a choice,

I know you would find me wanting only to be close to you

(A song I hear from distant peaks, a song that all my brothers sing)

A
You keep denying my lead

Because I've tried, I've never pulled back my reach,

A **C** **Bm**
F

And I've stayed, and I've died, but you keep looking for me where I'm not
