

All About You  
Oh Wonder

[Intro] Bm Em Am/D

Bm Em  
You walk around the town like you born in a golden crown  
Am/D  
You re speaking with the angels loud but no one understands ya  
Bm Em  
You got the sharpest bite as any killer sharper might  
Am/D  
And you control the what I like, the does, the doesn t matter

Bm Em  
You re so full of it  
Am/D  
And we re so sick of it  
Bm Em  
You re so full of it  
Am  
And we re so sick of it

Bm Em  
Cause it s all about you  
Am/D  
It s all about you  
Bm Em  
It s all about you  
Am/D  
It s all about you

Bm Em Am/D

Bm Em  
You say it s not enough, you re sipping from a silver cup  
Am/D  
But it s the how she brought you up, to blame the hand that feeds ya  
Bm Em  
You counting green at night but blessings you will never find  
Am/D  
You only seek to undermine, you only seek to never die

Bm Em  
You re so full of it  
Am/D  
And we re so sick of it  
Bm Em  
You re so full of it  
Am

And we re so sick of it

**Bm Em**

Cause it s all about you

**Am/D**

It s all about you

**Bm Em**

It s all about you

**Am/D**

It s all about you

**Bm**

And every time you get stars in your eyes

**Em**

And the planets align in the centre

**Bm**

Wishing the luck to the walls in the wild

**Em**

And you re out of your mind at the effort

**Bm**

**Em**

We see him coming, we see another

**Bm**

Fooling himself in the mirror

**Bm**

Where is your heart? Where is the truth?

**Bm Em**

When it s all about you

**Am/D**

It s all about you

**Bm Em**

It s all about you

**Am/D**

It s all about you

**Bm**

**Em**

You re so full of it

**Am/D**

And we re so sick of it

**Bm**

**Em**

You re so full of it

**Am/D**

And we re so sick of it all

**Bm Em**

Cause it s all about you

**Am/D**

It s all about you

**Bm Em**

It s all about you

**Am/D**

It s all about you
