

Bigger Than Love
Oh Wonder

G/E **D** **C**
Heading west to where the sun sleeps
G/E **D** **C**
City fallout let our lungs breathe
G/E **D** **C**
Can you hold me, I can t even speak
G/E **D** **C**
Oh my, here it goes

G/E **D** **C**
And so the echoes slip in slowly
G/E **D** **C**
The edges of you keep me holy
G/E **D** **C**
Can I hold you, I can t even speak
G/E **D** **C**
Oh my, here it goes

G/E **D** **C**
We found love on an empty page
G/E **D** **C**
Kill the stars above trying to fight the fade
G/E **D** **C**
And now my heart skips heavy underneath the waves
G/E **D** **C**
We are done, we are gone

G **Am**
Cause this is already bigger
Em **C**
This is already bigger than love
G **Am**
This is already bigger
Em **C**
This is already bigger than us
G **Am**
It s bigger than you
Em **C**
It s bigger than me
G **Am**
It s bigger than you
Em **C**
It s bigger than me
C
It s bigger than love

G/E **D** **C**
Waste away into the nightfall
G/E **D** **C**
Hands are shaking at the last call
G/E **D** **C**
In the silence can you hear me scream
 G/E **D** **C**
Oh my, here it goes

G/E **D** **C**
We found love on an empty page
 G/E **D** **C**
Kill the stars above trying to fight the fade
 G/E **D** **C**
And now my heart skips heavy underneath the waves
 G/E **D** **C**
We are done, we are gone

G **Am**
Cause this is already bigger
 Em **C**
This is already bigger than love
 G **Am**
This is already bigger
 Em **C**
This is already bigger than us
 G **Am**
It s bigger than you
 Em **C**
It s bigger than me
 G **Am**
It s bigger than you
 Em **C**
It s bigger than me

D **G/E**
So I ll hold steady like a tiger in the dark
 D **G/E** **G**
All my days are ready to be hopeless at the start
 D **G/E**
Cause this is already bigger than it all
Am **G** **D**
Oh it s bigger than love

G **Am**
Yeah this is already bigger
 Em **C**
This is already bigger than love
 G **Am**
This is already bigger
 Em **C**
This is already bigger than us
 G **Am**

It s bigger than you	Em	C		
It s bigger than me	G	Am		
It s bigger than you	Em	C		
It s bigger than me	G	Am	Em	C
