

Body Gold
Oh Wonder

Am C
Before you came round my heart would never beat much faster
Am F
Before you came round I was ready to slow down
Am C
Before you came round I was heading for a small disaster
Am F
Before you came round I was ready to blow me down

Am C
Let it go, paint my body gold
F G
Take our bodies higher and higher and higher
Am C
We can go until the morning glow
F G
We can go higher and higher and higher

Am C
Before I was found I felt like I could drain the ocean
Am F
Before I was found I didn t wanna breathe out
Am C
Now my soul beats a sound loud enough to quiet the thunder
Am F
A love with no doubt and now I m never gonna slow down

Never gonna slow down

Am C
Let it go, paint my body gold
F G
Take our bodies higher and higher and higher
Am C
We can go until the morning glow
F G
We can go higher and higher and higher
