

Drive
Oh Wonder

Bm **A**
Sat back with the window down
F#m **E**
Eighty an hour and the radio loud
Bm **A**
The same songs with the same old rhymes
F#m **E**
Tell me to shake it off and swing from the lights

Bm **A**
But I can't help but drive away from all the mess you made
F#m **E**
You sent this hurricane now it won't go away
Bm **A**
And I promised I'd be there, but you don't make it easy
F#m **E**
Darling please believe me

Bm **A**
Cos loving you, loving you is too hard
F#m **E**
All I do, all I do is not enough
Bm **A**
Loving you, loving you
F#m **E**
I cannot be loving you, loving you
Bm **A**
Loving you, loving you leaves me hurt
F#m **E**
All I do, all I do is get burnt
Bm **A**
Loving you, loving you
F#m **E**
I cannot be loving you, loving you

Bm **A**
Count stacks of the routine lies

F#m **E**
Funny how easy you could see my blindside

Bm **A**
Still the same songs with the same old beats

F#m **E**
Sure I could stay but there's a place I'd rather be

Bm **A**
But I can't help but drive away from all the mess you made

F#m **E**
You sent this hurricane now it won't go away

Bm **A**
And I promised I'd be there, but you don't make it easy

F#m **E**
Darling please believe me

Bm **A**

Bm **A**

F#m **E**
I cannot be loving you, loving you

Bm **A** **F#m** **E** **Bm**
See, I remember all the times you made me covered in crazy

A **F#m**
I can't forget about the way you played me

E **Bm**
Like I was never gonna change your world

A **F#m** **E** **Bm**
It ended long ago, so please just let me go

A **F#m** **E** **Bm**
It ended long ago, so please just let me go
