

Lose It
Oh Wonder

[Intro] C G Em D
C G Em D

C G
Downtown we let it go
Em D
Sunset high and our bodies low
C G
Blood rush in the hazy glow
Em D
My hands, your bones

C G
Loose up we break the scene
Em D
One step deep as you fall to me
C G
Heart clap, we skip a beat
Em D
Count one two three

C G
And don't you stop the music
Em
Get into it
D
Won't you dance with me?

C G
Find a space and lose it
Em
You can do it
D
Won't you dance with me?

C G Em D
Move your feet and feel it in the space between
C G Em D
You gotta give yourself a moment, let your body be

We gotta lose it
