

Midnight Moon

Oh Wonder

C **G** **Em**
You with the wide eyes, don t lose your courage, courage

C **G** **Em**
You swing your head high and don t be worried, worried

C **G** **Em**
Your heart s in a free ride, feel it beating, beating

C **G** **Em**
Caught in the headlights, climb to the ceiling, ceiling

C **G**
We re all animals out in the dark

Em **F**
Got a feeling that we re all believing in

C **G**
Not waiting for daylight to start

Em **F**
We re over the moon, over the midnight moon

C **G**
Ooh, ooh, ooh, ooh

Em **F**
Over the moon, over the midnight moon

C **G**
Ooh, ooh, ooh, ooh

Em **F**
Over the moon, over the midnight moon

Em **F**
We re over the moon, over the midnight moon

C **G** **Em**
You with the sad smile, don t lose your courage, courage

C **G** **Em**
Dance in the high tide and don t be worried, worried

C **G** **Em** **F**
Your soul s in a wild fire, feel it beating, beating, beat-beating

C **G** **Em**
Dreams on a gold wire, won t you believe it?,-lieve it

C **G**
We re all animals out in the dark

Em **F**
Got a feeling that we re all believing in

C **G**
Not waiting for daylight to start

Em **F**
We re over the moon, over the midnight moon
