

Ultralife
Oh Wonder

Dm **C** **G**
Lovesick the beat inside my head

Dm **C** **G**
Waves struck a sea of bitterness

Dm **C** **G**
Lights out solo in the blue

Dm **C** **G**
Before I found you

Dm **F** **C**
Days passed slowly, lost and low

Dm **F** **C** **G**
You gave me hope and now there s only

Dm **C**
Blood running in my veins

G
I ve never been here before

Dm **C**
And I got love falling like the rain

G
I never could ve asked for more

F **Am**
I got so much soul inside my bones

G **C/E**
Take a look at me now

Dm **C**
I m young forever in the sun

G
Ever since you came

Dm **C** **G**
I m living ultralife

Dm **C** **G**
I m living ultralife

Dm **C** **Gsus**
I m living ultralife

Dm **C** **G**
Turn down the voice inside my head

Dm
Cause heaven only knows

C **G**
Why we feel this emptiness

Dm **C** **G**
But I will climb out, find another view

Dm **C** **G**
Now I ve found you

Dm **F** **C**
Days passed slowly, lost and low
 Dm **F** **C** **G**
You gave me hope and now there s only

Dm **C**
Blood running in my veins
 G
I ve never been here before
 Dm **C**
And I got love falling like the rain

G
I never could ve asked for more
 F **Am**
I got so much soul inside my bones

G **C/E**
Take a look at me now
 Dm **C**
I m young forever in the sun
 G

Ever since you came I m living ultralife
F **G**
Ultralife with me, ultralife with me
F **G**
Ultralife with me, ultralife with me

F **C/E**
Found me on a basement floor
G **C/E**
Back when I had lost it all
F **C/E**
Told me what the fight was for
G **C/E** **F**
And I m not giving up no more

C/E
You elevate the life in me
G **C/E**
Illuminate the in-between
F **C/E**
Forever gonna feel this free
G **C/E**
And I m not giving up now

Dm **C** **G**
Lovesick the beat inside my head

Waves struck a sea of bitterness
